

Congrats!

You've gone the extra length to become a Theorem Hair Specialist!

Learn how to get the most out of your products, so don't split till the end.

We're Theorem: a scientific team of hair specialists on a mission to transform the way you feel about your hair. At Theorem, we use real, clinically-proven ingredients so you can achieve real results!

Proven Science, Serious Results.

Our R&D team in Chicago created the very best formulas that were developed by our chemists for personal use. What our team found was nothing but AMAZING! Their split-ends vanished and their hair grew thicker, stronger, shinier, and longer. That is when they knew they had to share their formulas with the world and so the Theorem Method was born.

NOW, the science behind beautiful, healthy looking hair is in your hands!

Oh, the Places Your Hair Will Go!

Success starts with you and your experience with our hair care products. By sharing with others, you are opening doors that not only strengthen your success, but help people redefine hair care too!

We've got you covered.

Rest assured, you have a 60-day money back guarantee with all of our products.
